#### Dust of snow (poem)

---

The poem, **Dust Of Snow** by Robert Frost, reiterates that the little things in life can make huge changes in our future. It also shows that if we can take the hard times of life in stride, eventually something will happen to change our situation into happier times. The simple things we do for others can make all the difference. Just think about those random acts of kindness we do and how much they brighten a person's day and sometimes changes their future.

- The poem describes a very simple happening in very simple words.
- It tells us that sometimes even a small incident may prove to be of a larger significance.
- The poet is upset in the beginning of the poem but a small incident of falling of snow changes his mood totally.
- In the end of the poem the poet feels relaxed and thankful to the nature for saving his day from being wasted.
